11. Regarding the columbarium: issues that were discussed in preparation for the building of this structure- All items were voted on and agreed to by a 2-0 vote:

- \*Face plates will not be engraved until they are occupied with first inurnment
- \*Once the structure is being built the pre-sale will begin. Sales will be limited to 2 niches per person which = 4 inurnments. The entire structure will be made available. There will be no time limit. This is the only part of Mount Pleasant Cemetery that will be available to be bought pre-need
- \*There is no deal in price for buying 2 niches-& they do not need to be next to each other
- \*OT/holiday/weekend charges will stay the same as they do for the rest of the work in the cemetery
- \*Any buyback would be under the same policy as we have now
- \*One engraver will be used at a separate charge from the buying of the niche

12. To think about: How to organize the numbering system needed for the niches and the extensions

13. Gloria is going to look at the current deed and try to re-work it to be niche appropriate

14. Summer help ends at the end of September

15. The new landscaper is doing well per Jason and getting into a routine

16. The cemetery staff will continue with the flat marker lifting

17. Jason will look for an appropriate place to put ex-Commissioner Bernie Smith's memorial bench

18. Michele will email Mike R., Dominic Lanzillotti and Blair Hines re: the progress of the columbarium RFP and the next steps.

Time ended: 10:00 a.m.

Next meeting September 10, 2014

Respectfully submitted,

Chair Michele Hassler
